

The Crime Lab

We're currently in the midst of a murder investigation, and we've obtained the victim's phone as a key piece of evidence. After conducting interviews with witnesses and those in the victim's inner circle, your objective is to meticulously analyze the information we've gathered and diligently trace the evidence to piece together the sequence of events leading up to the incident.

Q1. Based on the accounts of the witnesses and individuals close to the victim, it has become clear that the victim was interested in trading. This has led him to invest all of his money and acquire debt. Can you identify the SHA256 of the trading application the victim primarily used on his phone?

After ALEAPP done analyze i went through the report,

I went to the app section, found this trading app which fits with the question description, now i need to find where the .apk file location is.

package_info located at: system\packages.xml

Then i go into package info, browse a little bit and it show a file path to the .apk

```
FLARE-VM 07/22/2026 21:31:30
PS C:\Users\analyst\Desktop\temp_extract_dir\data\app\com.ticno.olymptrade-1KDfBXc8qLNF9F2eXSyBwg== > Get-
Algorithm      Hash
-----
SHA256         4F168A772350F283A1C49E78C1548D7C2C6C05106D8B9FEB825FDC3466E9DF3C
Path
-----
C:\Users\analyst\De

FLARE-VM 07/22/2026 21:32:18
PS C:\Users\analyst\Desktop\temp_extract_dir\data\app\com.ticno.olymptrade-1KDfBXc8qLNF9F2eXSyBwg== >
```

Then i just go into the phone folder, follow the path clue and get the hash from the apk name base.apk

4F168A772350F283A1C49E78C1548D7C2C6C05106D8B9FEB825FDC3466E9DF3C

Q2. According to the testimony of the victim's best friend, he said, "While we were together, my friend got several calls he avoided. He said he owed the caller a lot of money but couldn't repay now". How much does the victim owe this person?

Type	Body	S	C
Received	It's time for you to pay back the money you owe me, but you're not picking up my calls. You better think twice about not paying, because it won't end well for you. Prepare the sum of 250,000 EGP, and I'll expect your call within an hour at most.		

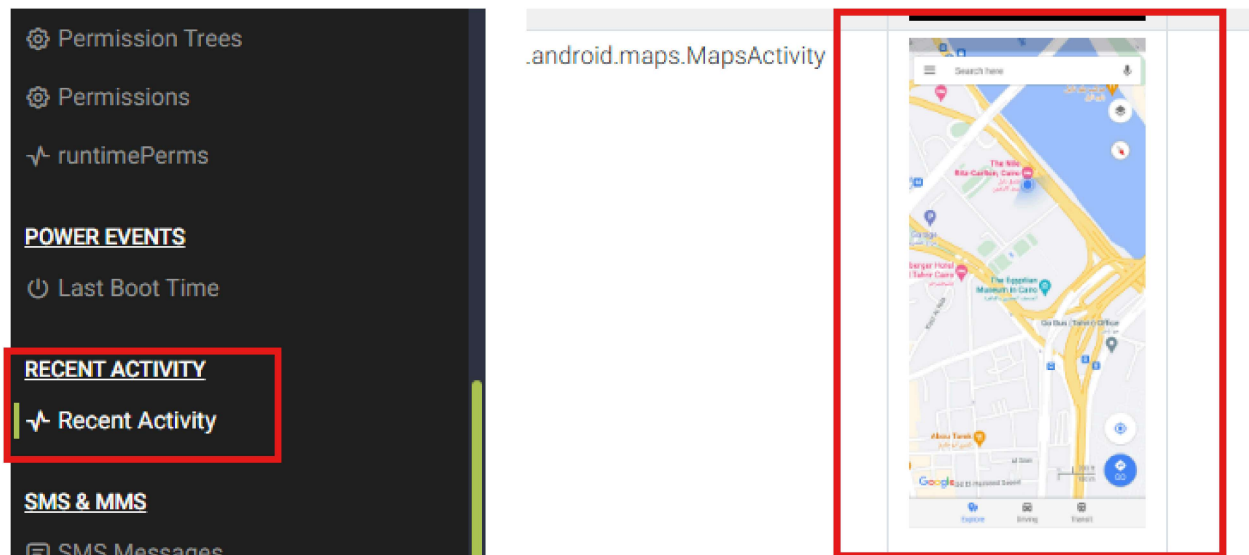

Go to the SMS section, it shows the message 250,000

Q3. What is the name of the person to whom the victim owes money?

+20 117 213 7258	Shady Wahab	+20 117 213 7258	+201172137258	6
---------------------	----------------	---------------------	---------------	---

This is the name of the person, aligned with the number of the person who sent the SMS.

Q4. Based on the statement from the victim's family, they said that on September 20, 2023, he departed from his residence without informing anyone of his destination. Where was the victim located at that moment?

Go recent activity to see the victim activity history, there is a google map picture

The Nile Ritz-Carlton

zoom in the picture we can see the icon where the person is at

A photograph of an Egypt Airline boarding pass. The boarding pass is white with a blue header and footer. The header features the Egypt Air logo and the text "EGYPT AIRLINE". The footer contains the text "Please watch the passport board for the boarding & gate update board". The main body of the boarding pass is divided into sections: "Passenger" (MOHAMED AHMED), "Class" (C CLASS), "Boarding Time" (09:00 AM), "Gate" (08), "Flight" (310), "Date" (01.10.2023), "From" (Cairo), "To" (Las Vegas), and "Total" (Group). A barcode is located on the left side, and a QR code is on the right side.

Q6. After examining the victim's Discord conversations, we discovered he had arranged to meet a friend at a specific location. Can you determine where this meeting was supposed to occur?

Go to the discord chats tab, we can see the conversation between the victim and his friend, they are supposed to meet at The Mob Museum.
